Storm Water Improvements (***)	Community Center	Design and Engineering Construction	December 2005	\$350,000
<b>TOTAL PROPOSED REVITALIZATION PROJECTS</b>				<b>\$1,600,000</b>

I have reviewed the proposed project listing submitted by the City of Takoma Park for the Takoma Park Revitalization Loan of 1999 and found it to fulfil the requirements of the State of Maryland Board of Public Works Capital Projects Grant Agreement dated June 21, 2000. Said Agreement remains valid though allocated funds cannot be fully accessed until required matching funds have been secured and expended. The City of Takoma Park may begin to draw down state bond funds for approved revitalization projects after all matching funds are expended.

(\*) \$200,000 County Match

(\*\*) \$ 50,000 County Match

(\*\*\*) \$350,000 County Match
